ABSTRACT

Students’ Federation of India was formed through its First Conference which was held at Thiruvananthapuram between 27 and 30 December in 1970. In the latter half of 1970 student leaders from various states assembled in Calcutta and decided to form a new student organisation committed to bring together the students of the country and lead them on issues such as radical education reforms, employment, safeguarding and expansion of democratic rights. The Students Federation of India leads the Student Unions in many of the Universities in Kerala, West Bengal, Tripura, Andhra Pradesh, Telangana, Rajasthan, Maharashtra, Punjab, Haryana, Himachal Pradesh, Delhi and other states.¹

KEY WORDS: freedom movement, students, agitations.
